## Celebrating Taylor's Island on a lovely summer afternoon

The Taylor's Island Kettle Clambake was held on August 11 on the grounds of St. Gabriel's, due to construction on Taylor's Island but that didn't stop participants from enjoying the beautiful day and excellent food. Above, from left, State Assemblyman Fred Thiele Jr.; Town Supervisor Jim Dougherty; Magda and Jack Josephson; Esther Hunt; Robert Harris and Diana Malcolmson. A clambake requires lots of clams and Steve Lenox, Ed Clark and Keith Clark (left) obliged by working their magic on the pile of bivalves.
